

VPDES Permit Application Addendum

1. **Entity to whom the permit is to be issued:** Northumberland County

Who will be legally responsible for the wastewater treatment facilities and compliance with the permit? This may or may not be the facility or property owner.

2. **Is this facility located within city or town boundaries?** Yes ☐ No ☒

3. **Provide the tax map parcel number for the land where the discharge is located.** 25-1-92

4. **For the facility to be covered by this permit, how many acres will be disturbed during the next five years due to new construction activities?** n/a

5. **What is the design average effluent flow of this facility?** .0105 MGD

For industrial facilities, provide the max. 30-day average production level, include units:

In addition to the design flow or production level, should the permit be written with limits for any other discharge flow tiers or production levels? Yes ☐ No ☒

If "Yes", please identify the other flow tiers (in MGD) or production levels:

Please consider the following questions for both the flow tiers and the production levels (if applicable): Do you plan to expand operations during the next five years? Is your facility's design flow considerably greater than your current flow?

6. **Nature of operations generating wastewater:**

Domestic wastewater generated from a combination middle/high school

100 % of flow from domestic connections/sources

Number of private residences to be served by the treatment works: 0

 % of flow from non-domestic connections/sources

7. **Mode of discharge:** ☐ Continuous ☒ Intermittent ☒ Seasonal

Describe frequency and duration of intermittent or seasonal discharges:

6 discharges/day for approx. 250 school days/yr. 85% of total annual flow occurs during the school yr

8. **Identify the characteristics of the receiving stream at the point just above the facility's discharge point:**

 Permanent stream, never dry

☒ Intermittent stream, usually flowing, sometimes dry

 Ephemeral stream, wet-weather flow, often dry

 Effluent-dependent stream, usually or always dry without effluent flow

 Lake or pond at or below the discharge point

 Other:

9. **Approval Date(s):**

O & M Manual 2/09

Sludge/Solids Management Plan

Same as previous perm.

Have there been any changes in your operations or procedures since the above approval dates? Yes ☐ No ☒
